

No one ever has half as much fun as the ONLY blond at a picnic. She hasn't a rival. The Atlas E-Z Seal Jar is in the same class—NO RIVAL.

# Atlas E-Z Seal Fruit Jars

## Taking Point for Point Are The Best in The World

The sanitary, all glass, wide mouth, green-tinted, spring-tightened E-Z Seal Jars are BETTER.

Who wouldn't rather eat her own "garden stuff" if she knew she could buy a perfect jar? "Sell Her E-Z Seal Jars."

THERE'S nothing causes the house wife more worry and vexation than fruit or vegetables to spoil, after the work over a hot stove, preparing them. If you will sell her "E-Z Seal Jars" you will save her all this trouble. This is the perfect jar, all glass, sanitary, wide mouth jar; will take whole fruit, green-tinted to keep out the light. No rough edges, easy to clean, easy to seal, easy to open; has no metal top to rust, nor "wrist-twisting" to open. The E-Z Jar, without question, is the VERY BEST on the market.

The Jar that is advertised for you before you buy. The Jar that is praised by the house wife and famed by Uncle Sam.

## "Atlas" E-Z Seal Jars

Recommended by U. S. Government

Excerpts from Report of J. F. BREAZEALE Bureau of Chemistry, U. S. Dept. of Agriculture F. B. No. 359.

"The first requisite for successful canning is a good jar. Glass is the most satisfactory.\*\*\*There are a great many kinds of glass jars on the market.\*\*\*The screw-top jars are the most expensive in the long run. The tops last only a few years, and, being cheaply made, the breakage is usually greater than that of a better grade of jar. The tops also furnish an excellent hiding place for germs, which makes sterilization very difficult.\*\*\*In selecting a jar always give preference to those having wide mouths. In canning whole fruit and in cleaning the jars, the wide mouth will be found to be decidedly preferable."

## BOY SCOUTS FORM BASE BALL LEAGUE

THE TWO DIVISIONS OF THE ORGANIZATION PUT TEAMS INTO THE LEAGUE—GAMES ON EAST HILL PLAYGROUNDS.

At a very enthusiastic meeting of the committee of scoutmasters and patrol leaders, which was held Friday afternoon at 5 o'clock, a baseball league was formed from the two troops. Messrs. Williams and Wright were present and represented their two divisions. The following captains were appointed: From Mr. Williams's patrol—Captains McVoy, Williams and Meyers. From Mr. Wright's patrol—Captains Thames and Jacoby. It was decided that a pennant would be awarded the team holding the highest percentage at the end of the season. The following schedule was adopted: McVoy vs. Williams—Tuesday, May 21. Thames vs. Jacoby—Friday, May 24. Meyers vs. McVoy—Tuesday, May 28. Williams vs. Thames—Friday, May 31. McVoy vs. Jacoby—Tuesday, June 4. Williams vs. Meyers—Friday, June 7. Thames vs. McVoy—Tuesday, June 11. Jacoby vs. Meyers—Friday, June 14. Williams vs. Jacoby—Tuesday, June 18. Meyers vs. Thames—Friday, June 21. The games will be played on the East Hill playground for the present until the North Hill playground is ready for the season's activities.

## PENSACOLA IS COMPLIMENTED BY MR. MURPHY

VISITOR FROM WINDY CITY SAYS PENSACOLA GIVES PROMISE OF WONDERFUL CITY IN THE FUTURE.

John E. Murphy, of Chicago, who visited Pensacola a few weeks ago, was very highly pleased with the Deep Water City. Mr. Murphy is treasurer of the Chicago and Western Indiana Railroad Company and the Belt Railway Company of Chicago, and travels throughout the United States. A compliment from one with such a wide observation is indeed a compliment worth repeating. In writing to The Journal Mr. Murphy says:

Chicago, May 16th, 1912.  
This note is to let you know that I arrived home safely April 29th last with a permanent picture stamped upon my memory of the four boulevards that cross at right angles through your pretty little city. Those broad avenues, the perfect harbor, the bright new sky-scrapers, the hotels, churches and all the other bright new looking buildings together with the surrounding heights make Pensacola a positive show town at the present time and give promise of a wonderful city of the future. All you need now, it seems to be, to complete the prospect, is to have a horticultural or forestry commission that will adopt a general plan for the beautifying of your city with the beautiful plants, flowers and trees that are possible in your climate. How beautiful it would be if your boulevards had great towering shade trees along the curbs and along each edge of the parkway in-
